## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/13/2005 has been entered.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with W. William Park on 23 February 2006.

The application has been amended as follows:

- In claim 1, line 4, the word "ore" has been deleted and the word --or-- inserted therefor.

### ***Allowable Subject Matter***

Claims 1-5 and 9 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1-5, prior art does not teach or suggest separating a semiconductor wafer into individual semiconductor elements by a process of successively isotropically and then anisotropically etching the wafer, using the same layer of resist to mask the two etches.

Claim 9 is allowed for the reasons given in the Office action dated 9/20/2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
